

# WHY JOE BIDEN?

On UAW issues:

Joe Biden knows the importance of raising wages for UAW members and their families.

Joe Biden is committed to manufacturing policies to create good union jobs including support for electric vehicles and tax policies that punish shipping UAW jobs overseas or south of the border instead of rewarding companies for exporting UAW jobs.

Joe Biden is also committed to investment in infrastructure that creates value for our communities and good paying jobs where workers can join unions.

Joe Biden is committed to shrinking financial inequality in our country so that working people take a bigger share of national income.
