

WHY JOE BIDEN?

Since its very beginning, the UAW has maintained that healthcare is a right, not simply a privilege for the wealthy. Efforts have included advocating for the passage of Medicare, Medicaid and the Affordable Care Act (ACA). The fact is the more Americans that are insured, the lower the cost of health insurance for UAW members at the bargaining table.

Joe Biden is committed to protecting the Affordable Care Act (Obamacare).

- ★ Joe Biden will oppose every effort to dismantle the ACA.
- ★ Joe Biden has a plan to build on the ACA by giving Americans and UAW families more choice, reducing health care costs, and making the health care system less complex to navigate.
- ★ Joe Biden is committed to expanding tax credits to help more individuals and families get access to health care coverage and also help lower costs.
- ★ Joe Biden is committed to stand up to Big Pharma and:
 - ★ The Joe Biden Plan will repeal the existing law barring Medicare from negotiating lower prices with drug corporations.
 - ★ The Joe Biden Plan limits launch prices for drugs that face no competition and are gauging UAW members with high prices.
 - ★ The Joe Biden Plan will limit price increases for generic drugs and tie them to inflation. The Joe Biden Plan will also impose a tax penalty on drug manufacturers that price generic drugs over the general inflation rate.
 - ★ The Joe Biden Plan will allow UAW members to buy prescription drugs from other countries (approved by the FDA) to create more competition and drive down drug costs.
 - ★ The Joe Biden Plan will give health insurance to millions of low-income Americans by giving them access to premium-free public health insurance similar to Medicaid which will also drive down costs.

Joe Biden is committed to making sure that access to health care improves and costs for health care and prescription drugs go down.

That is why your brothers and sisters on UAW CAP committees, have endorsed Joe Biden for the office of President of the United States.

Why Joe Biden? He's right for our UAW families and he's right for your health care in the workplace.
