

# WHY JOE BIDEN?

Joe Biden is committed to trade policies that raise the wages for workers and prevent multinational companies from outsourcing U.S. jobs.

- ★ Joe Biden is committed to protecting UAW jobs, by enforcing existing labor provisions in trade agreements and aggressively pushing for strong and enforceable labor provisions in any trade deal his administration negotiates – and not sign a deal unless it has those provisions.
- ★ Joe Biden is committed to aggressive trade enforcement actions against unfair practices, including currency manipulation, anti-competitive dumping, state-owned company abuses or unfair subsidies that cost UAW jobs.
- ★ Joe Biden is committed to penalizing companies that fail to protect promised UAW jobs, by establishing “claw-back” provisions to force a company to return public investments and tax benefits when they eliminate jobs here and send them overseas.
- ★ Joe Biden is committed to work with allies to address China’s trade abuses.
- ★ Joe Biden is committed to put a down payment on UAW manufacturing by introducing a \$400 billion “Buy American” clean energy and infrastructure bill.
- ★ Joe Biden is committed to provide capital and tax credits for small to medium UAW manufacturers to modernize, retool and compete.
- ★ Joe Biden is committed to bring back critical supply chains to America that were once UAW jobs by utilizing federal procurement and the Defense Production Act if necessary.

That is why your brothers and sisters on the UAW CAP committees have endorsed Joe Biden for the office of President of the United States.

**Why Joe Biden? He’s right for our families and he’s right for protecting our UAW jobs.**
